DEDICATION

This book is dedicated to my eclectic and ecumenical upbringing, which taught me that the only thing that counts at the end of the day is a good laugh and the Truth.

Preface

Medical Jokes & Humour focuses on the non-vegetarian variety, since this is precisely what most adults want, although they may say just the opposite in polite company! If the bold and the bawdy offends you easily, we suggest you drop this book like a hot potato.

Having said that, we realise that despite any moral predisposition, you will be all the more tempted to read this! Please do so without reservations – the ensuing bouts of laughter will wash out all trace of toxic characteristics (such as hypocrisy, double standards and negativity) from the body. Besides, to tell the truth, the purpose of warning prudes to drop the book is to ensure they do otherwise!

With this statutory warning having been served to readers, those who proceed across these delectable pages would not mind some risqué comments and barbs. And for those who still do mind, never mind!

—Clifford Sawhney

Acknowledgements

This book has been compiled from various sources, including individual raconteurs, with the actual creators of the jokes largely faceless and unknown, some having long since left for the happy hunting grounds. To one and all of these masters of humour, my sincere thanks.

Nurses For Courses

The Tight Experience

An old man in a nursing home is hornier than Chunky Pandey ever was. So when he sees this nurse who is well endowed on all fronts, he coos, "How about a quickie for twenty bucks?"

The nurse too is as randy as hell and will have anything on two feet or four. She agrees and gets on top of the old man. They have a ball for about ten minutes.

After the act, having enjoyed the 'tight' experience, the old man says, "What the heck, if I knew you were a virgin, I would have paid you a hundred bucks."

The nurse smiles sweetly and replies, "And if I knew you could get it up that high, I would have taken off my panties!"

The Hole Joke

There was this arrogant jerk of a doctor who had four nurses working under him. So on April 1, 2002, each of the nurses played a practical prank on him. Later that night, during their break, they were all discussing the fast one each had pulled on the doctor.

The first nurse said, "I stuffed cotton in his stethoscope so he couldn't hear."

The second nurse said, "I let the mercury out of his thermometer and painted them all to read 106 degrees."

The third nurse said, “Well, I did better than the two of you. I poked holes in all the condoms that he keeps in his desk drawer.”

Hearing this, the fourth nurse fainted.

Back-to-Front Operations

Two doctors in practice in a small-town clinic had to hire a new nurse when the one they had won the Zee online lottery and quit. They interviewed Nurse Shilpa and decided to hire her. She had only worked a couple of days when one doctor called the other to his office and said they would have to terminate Nurse Shilpa’s services.

“Why, we just hired her?”

“Well, I think she is dyslexic and gets things backward. I told her to give Mr Dandekar two shots of morphine every 24 hours, but she gave him 24 shots in two hours and it almost killed him. I told her to give Mrs Holkar an enema every 12 hours and she gave her 12 in one hour.”

The doctor had barely finished outlining his reasons when the other doctor rushed out of the room. “Where are you going in such a tearing hurry?” the doctor inquired.

“To see Nurse Shilpa – I had just instructed her to prick Mr Muthu’s boil!”

Carnal Shot

A big-shot businessman has to spend a couple of days in the hospital. He is a royal pain in the you-know-where to the nurses because he throws his weight around with them just like with his employees.

Within hours, the hospital staff wants to be miles away from him. The head nurse is the only one who can stand up to the jerk. Coming into his room, she announces, “I have to take your temperature.”

He cribs for several minutes, but finally settles down, crosses his arms and opens his mouth.

“No, I’m sorry,” the nurse states, deadpan, “but for this reading, I cannot use an oral thermometer.”

This sparks another round of complaining, but eventually he rolls over and bares his rear end. After feeling the nurse insert the thermometer, he hears her announce, “I have to get something. Now you stay JUST LIKE THAT until I get back!”

She leaves the door to his room open on her way out. He curses under his breath as he hears people walking past his door laughing. After almost an hour, the man’s doctor comes into the room. “What’s going on here?” demands the doctor.

Angrily, the man answers, “What’s the matter, doc? Haven’t you ever seen someone having their temperature taken?”

After a pregnant pause, the doctor confesses, “Well, no. I guess I haven’t. Not with a carnation anyway!”

Nursery Lines

Did you hear about the nurse who swallowed a razor blade?

She gave herself a tonsillectomy, an appendectomy, a hysterectomy, and circumcised three of the doctors on her shift!

Interns think of God, residents pray to God, doctors talk to God, nurses ARE God.

There was once a guy whose tongue was so long that when he stuck it out for the doctor, the nurse went, “Aaaaaahhh!!!”

The nurse who can smile when things go wrong is probably going off duty.

General Practitioner's Blues

Utterly Depressing

A depressed man goes to the doctor. "Doctorsaab," he says, "I'm terribly depressed. Life seems harsh and cruel. There is no laughter in my life. I feel I'm totally alone in this big bad world, trying to keep the show going."

The doctor is busy reading his notes and does not bother to look up, but responds: "No probs. The treatment is very simple. You need a change of scene. Something light and hilarious... The great comedian Johnny Lever is going to be in town for one week tomorrow onwards. Go and see one of his shows. That should have you dying with laughter."

On hearing this piece of advice, the man bursts into uncontrollable sobs just as the doctor looks up: "But doctor... I am Johnny Lever!"

Daily Change

A woman goes to her doctor complaining that she is exhausted all the time. After the diagnostic tests show nothing, the doctor gets around to asking her how often she has intercourse.

"Every Monday to Saturday," she says.

The doctor advises her to cut out Wednesday. "I can't," says the woman. "That's the only night I'm at home with my husband."

The Busy Doc

A young doctor was just setting up his first clinic when his secretary told him there was a man to see him. The doctor wanted to make a good first impression by having the man think he was very busy. He told his secretary to show the man in.

At that moment, the doctor picked up the telephone and pretended to be having a conversation with a patient. The man waited until the “conversation” was over. Then, the doctor put the telephone down and asked, “Can I help you?”

“No! I’m just here to connect your telephone,” replied the man coolly.

Frog Trick

A man goes into the doctor’s clinic with a frog stuck to his forehead. The startled doctor asks, “How did that happen?”

The frog replies, “It started as a boil on my bum!”

24-Hour Countdown

Doctor: “I have some bad news and some very bad news.”

Patient: “Well, you can give me the bad news first.”

Doctor: “The lab submitted your test report yesterday. They said you have only 24 hours to live.”

Patient: “Only 24 hours! That’s terrible! What could be worse? What’s the very bad news?”

Doctor: “Well, I’ve been trying to contact you since yesterday!”

Problematic Problem

Patient: “Doctor, help! I have a serious memory problem. I can’t remember anything!”

Doctor: "Oh I see! Since when do you have this problem?"

Patient: "Problem? What problem?"

Orgasmic Delight

Patient: "Doctor, you must help me. Every time I sneeze, I have an orgasm."

Doctor: "Really! What have you been doing about it?"

Patient, grinning: "Oh, nothing much. Simply taking snuff!"

Healthy Problem

Patient: "Doctor, I have a strange problem. I feel unhealthy and depressed."

Doctor: "You should cut down on drinks."

Patient: "But doctor, I don't touch a drop!"

Doctor: "You should cut down on smoking."

Patient: "Doctor, I don't smoke!"

Doctor: "You should stop taking drugs."

Patient: "I don't ever set my eyes on drugs."

Doctor: "You should cut down on womanising."

Patient: "I haven't touched a woman in my life even with a barge pole."

Doctor, exasperated: "Ah, that's your problem! You never do anything! So go get yourself a drink, learn to smoke, enjoy drugs, and find a couple of girlfriends!"

Fighting Fit

Patient: "Doctor, what I need is something to stir me up; something to put me in a fighting mood; something to make me fighting fit. Did you write down something like that in this prescription?"

Doctor: "Oh, don't bother about this. My bill will do all that!"

Soft Bone

Doctor: "Did you know that there are more than 1,000 bones in the human body?"

Raghu: "Shhh, doctor, softly! My dog's outside in the waiting room!"

Doctor-speak

Doctor to patient: "Congratulations, Mr Muthuswami! You're in great shape for a man of 60. Too bad you're only 40!"

Crap Talk

Patient: "Doctor, you've got to help me. I eat apples, apples later come out in the toilet. I eat bananas, bananas come out. I eat grapes, grapes come out... How do I cure this problem to pass normal stool?"

Doctor: "That should pose no problem at all. Simply eat shit!"

Prison Tales

Prisoner: "Look here, doc! You've already removed my spleen, tonsils, adenoids, and one of my kidneys. I only came here to see if you could get me out of this place!"

Doctor: "I am, I am. Bit by bit, bit by bit!"

Driving Tests

Smita: "I get terribly nervous and frightened during driving tests!"

Doctor: "Never mind. You'll pass eventually."

Smita: "No, you don't understand! I'm the examiner!"

Only 80

Doctor: "Don't worry, Mr Buddhadev. You're in good health. You'll live to be 80."

Buddhadev: "But doctor, I am 80 right now!"

Doctor: "See? Didn't I tell you so!"

Sobering Thought

The doctor completed an examination of the patient, shaking his head ruefully: "I can't find a cause for your complaint. Frankly, I think it's due to drinking."

"In that case," says the sympathetic patient, "I'll come back when you're sober."

Pissed Off

A man walks into a crowded doctor's clinic. As he approaches the desk, the receptionist asks, "Yes sir, may we help you?"

"There's something wrong with my dick," he replies.

The receptionist is aggravated and says, "You shouldn't come into a crowded clinic and say things like that."

"Why not? You asked me what was wrong and I told you!" he says.

"We do not use language like that here," she says. "Please go outside and come back in and say that there's something wrong with your ear or whatever."

The man walks out, waits for several minutes and re-enters. The receptionist smiles smugly and asks, "Yes sir?"

"There's something wrong with my ear," the man states.

The receptionist nods approvingly. "And what is wrong with your ear, sir?"

"I can't piss out of it!" the man hisses.

Slow-motion Flashback

"How did this happen?" the doctor asks the middle-aged farmhand as he sets the man's broken leg.

"Well, doc, 25 years ago..."

"Never mind the past. Tell me how you broke your leg this morning."

"Like I was saying... 25 years ago, when I first started working on the farm, that night, right after I'd gone to bed, the farmer's beautiful daughter came into my room. She asked me if there was anything I wanted. I said, 'No, everything is fine.' 'Are you sure?' she asked. 'I'm sure,' I said. 'Isn't there anything I can do for you?' she wanted to know. 'I think not,' I replied."

"Excuse me," says the irritated doctor, "what does this 25-year-old story have to do with your leg?"

"Well, this morning," the farmhand explains with a shrug, "when it dawned on me what she meant, I fell off the roof!"

Television Sex

A woman goes to her doctor complaining of bad knee pains. After the diagnostic tests show nothing, the doctor questions her, "There must be something you're doing that you haven't told me. Can you think of anything that might be doing this to your knees?"

"Well," she says a little sheepishly, "my husband and I have sex doggie-style on the floor every night."

"That's got to be it," says the doctor. "There are plenty of other positions and ways to have sex, you know."

"Not if you're watching TV at the same time!" she replies.

Cat-n-Mouse Game

A man swallows a mouse while sleeping on the couch one day. His wife quickly calls the doctor and says, "Doctor, please come quickly. My husband just swallowed a mouse and he's gagging and thrashing about."

"I'll be right over," the doctor hastily reassures her. "In the meantime, keep waving a piece of cheese over his mouth to try to attract the mouse out of there."

When the doctor arrives, he sees the wife waving a piece of fried fish over her husband's mouth. "Uhh, I told you to use cheese, not fried fish, to lure the mouse."

"I know, doc," she replies, "but first I've got to get the stupid cat out of him!"

Animal Fare

There was a village doctor who was the only practitioner for miles around. One day, he wanted to go on a fishing trip so he called the vet and asked him to look after things while he was gone. The vet asked, "Is anything happening?"

The doctor replied, "Mrs Nagwekar is almost due, but I don't think the baby will come before I get back. Anyway, if it does, just deliver it. This is her third and the first two went really easily."
